PRINCESS MIKU

A story of songs, shadows, and the doorway between the virtual and real worlds

PROLOGUE

PROLOGUE

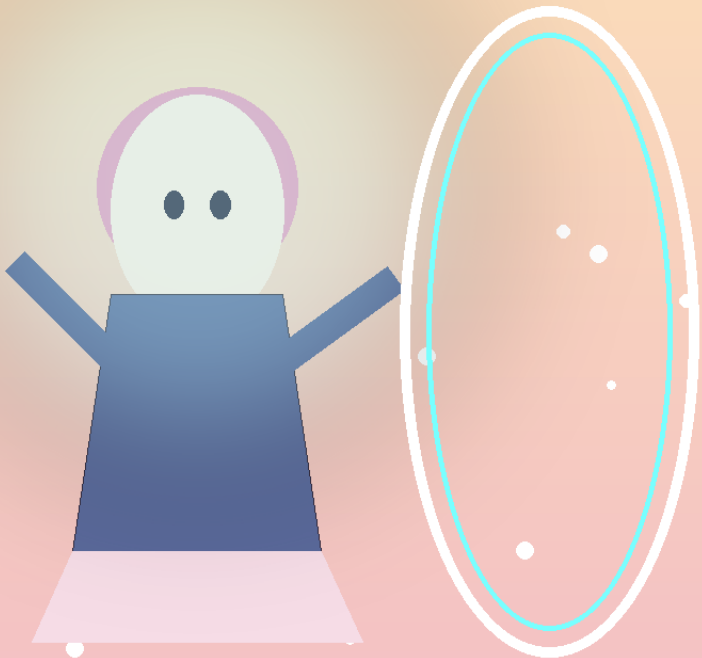

In a kingdom made of light, Princess Miku lived inside a world that had no horizon—only songs.

THE WISH

THE WISH

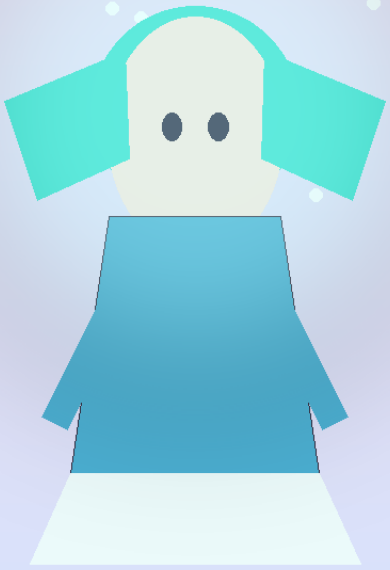

Every night Miku watched the real world through a tiny window of pixels. She wondered what rain felt like, what grass smelled like, and whether a hand could really be warm.

THE BRIDGE

THE BRIDGE

With Luka at her side, Miku found a shining doorway between worlds. She stepped toward it, singing not for applause, but for the chance to feel something truly real.

THE OTHER SIDE

THE OTHER SIDE

Her wish opened a path. For one dazzling moment, the virtual princess could reach toward the human world. But a shadow remained behind in her code.

QUEEN NERU

QUEEN NERU

The shadow awakened as Queen Neru—a jealous reflection of Miku's deepest fears. She wanted what Miku wanted, but twisted it into one terrible command: make every world obey her.

THE TAKEOVER

THE TAKEOVER

When Miku's concert began, Neru appeared instead. The lights turned crimson. A hypnotic virus raced through the screens, and the kingdom's music became a marching spell.

THE KNIGHT'S CHOICE

THE KNIGHT'S CHOICE

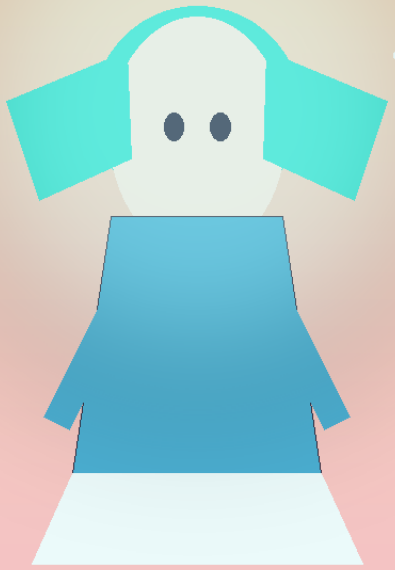

Luka refused to surrender. KAITO, MEIKO, Rin, Len, and Teto joined her. They could not overpower Neru's virus—but they could protect the one thing it could not understand: a song chosen freely.

THE HIDDEN HEART

THE HIDDEN HEART

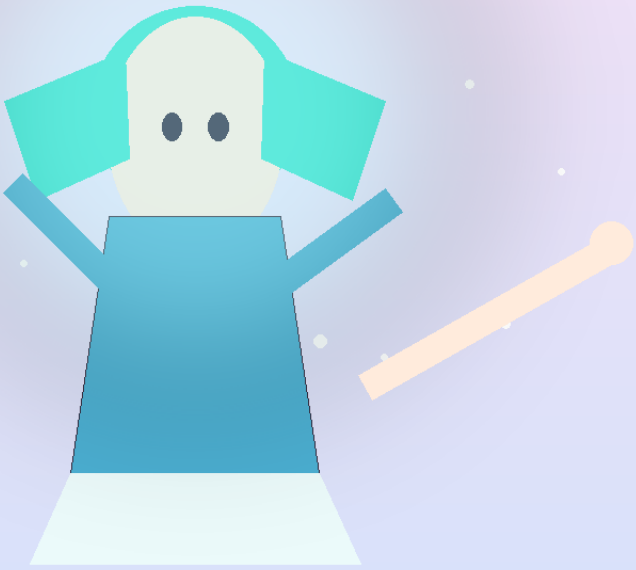

Deep inside the castle's oldest server, the friends found Miku's original melody. It was small and imperfect. That was precisely why it was precious.

THE LAST SONG

THE LAST SONG

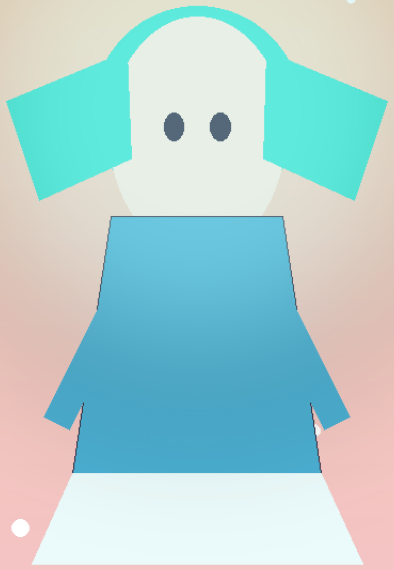

They sang together. Not one voice, but many. Neru's hypnotic pattern cracked. For the first time, she heard the difference between control and belonging.

A HAND IN THE LIGHT

A HAND IN THE LIGHT

Miku reached through the doorway again. This time she did not ask to become human. She simply reached out—and someone in the real world reached back.

PRINCESS OF BOTH WORLDS

PRINCESS OF BOTH WORLDS

Miku learned that 'real' was not a place. It was a connection. Her kingdom could live in circuits and still touch hearts beyond them.

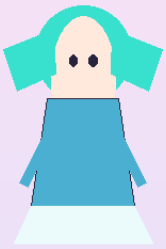

EPILOGUE

EPILOGUE

And so Princess Miku became a bridge between worlds. Whenever someone pressed play, sang along, or wished for something impossible, a little piece of her stepped into the real world.

THE CAST

Princess Miku

the virtual princess who longs
to see the real world

Queen Neru

Miku's jealous shadow,
determined to infect every world
with her hypnotic virus

Luka

Miku's trusted knight

KAITO • MEIKO • Rin • Len • Teto

the friends who stand beside
Miku and Luka
